Certified Coding Professional (CCA-AHIMA)	HIT-199 ICD Procedure Coding	The licensure/certification can only be obtained with an Associate Degree in Medical Laboratory Tech or a Bachelor's Degree in Medical Laboratory Tech. There are no other options. The licensure/certificate is an Exam Board of Certification that is taken by the student. The only way a person is allowed to take the Exam is completing the degree requirements. American Society of Clinical Pathology is the one who administers the Exam. They check the students transcripts for the above listed degree(s). If they do not have the degree(s), they can not take the exam.
