MATC New Hire Metrics

November 2024

Talent Acquisition Update

Over the past month, the Talent Acquisition team actively participated in job fairs hosted by UW-Milwaukee and the Hispanic Professionals of Greater Milwaukee (HPGM) Fall Summit. These events continue to enhance our visibility and provide opportunities to promote Milwaukee Area Technical College (MATC) as an employer of choice.

- **UW-Milwaukee Job Fair:**

This event targeted current employees affected by organizational closures. We engaged with several highly qualified candidates who expressed interest in opportunities at MATC, and we anticipate seeing applications from these individuals in the coming weeks.

- **HPGM Fall Summit:**

As HPGM's largest annual job fair, this event was well-attended, primarily by students seeking internships. While this falls outside the immediate scope of Talent Acquisition, it allowed us to share valuable information about MATC's general career opportunities, providing insight into pathways for future employment.

Engaging the Hispanic/Latino Community

In November, we onboarded three Hispanic/Latino employees, contributing to a slight but noteworthy increase in overall diversity representation by nearly 0.75%. While this number may seem modest, it marks a positive shift after months of minimal change, and we celebrate this progress as part of our commitment to fostering a diverse workforce.

Additionally, MATC has officially joined the Alianza Latina de ERGs (ALE), a collective network under the HPGM Employee Resource Group (ERG) and Business Resource Group (BRG) initiative. This partnership strengthens our connection with the Hispanic/Latino community and reinforces our diversity efforts. Our team is scheduled to attend ALE's next meeting on **December 20, 2024, from 1:00 PM to 2:00 PM.**

Faculty Hiring Update

Preparations for spring hiring are currently underway. While we are not experiencing significant demand for faculty positions at this time, we are focusing on improving our requisition data and streamlining processes to ensure readiness for the upcoming fall semester.

By maintaining a proactive approach to outreach and continuous improvement in hiring practices, the Talent Acquisition team remains dedicated to attracting top talent and advancing MATC's mission of excellence and inclusion.

OVERVIEW OF PROCUREMENT FUNCTION

The Purchasing Department provides cost-effective, timely procurement of all goods and services for the MATC District and is responsible for the committing of funds for all procurements, with the exception of construction. Purchasing insures that procedures as set forth in the Wisconsin Administrative Code, as well as District Administrative Policies and Procedures, are adhered to.

It is the policy of the MATC District to encourage and initiate affirmative action activities. This can be accomplished, in part, by helping to promote Historically Underutilized Businesses (HUB), to include Minority Business Enterprise (MBE), Women's Business Enterprise (WBE), Disadvantaged Business Enterprise (DBE) and Handicapped Business Enterprise (HBE), through increased participation in district procurement processes.

Therefore, the MATC procurement process will include a good faith effort to utilize disadvantaged businesses in awarding procurement contracts.

In addition, the procurement department is committed to cost saving initiatives and the generation of revenue.

MATC PURCHASING MISSION STATEMENT

VENDOR SPEND REVIEW (NON-CONSTRUCTION)

As required by the **Wisconsin Technical College System Financial Accounting Manual (FAM)** Procurement Section, a procurement review has been completed. The following paragraph is copied from the FAM for informational purposes.

Annually, as required in Administrative Rule [TCS 6.05\(2\)\(h\)](#), district staff shall prepare a review of all procurements of \$50,000 or less of similar goods, supplies, or services that total \$50,000 or more in aggregate to determine if a more competitive process should be used in succeeding years. This review is to be based on a report containing transaction detail grouped by similar goods, supplies and services and a total for each grouping. Since similar items of a common nature are generally purchased from a common vendor, a report of procurements with transaction detail by vendor is sufficient to comply with this requirement. This report should then be totaled to determine if the aggregate by vendor for the transactions is greater than \$50,000. Those that total to more than \$50,000 by vendor should be included in the review to determine if a more competitive process should be used in the future.

In accordance with the above requirement, a review was conducted of non-construction procurements for the Fiscal Year ending June 30, 2020.

Below are vendors/services that require an in-depth review to determine if a competitive process should be used in the future.

Vendor	Product or Service	Total Purchase Amount
Multiple staffing agencies	Staffing throughout college	\$1,000,000.00+
Multiple catering entities	Food for MATC events	\$60,000.00+

HUB Spend OVERVIEW

Milwaukee Area Technical College is an urban based institution, with a strong commitment to diversity to reflect the community it serves. That commitment extends to all parts of the college not only in hiring practices of our faculty and staff, but also in collaborations and support of Milwaukee area businesses, including **Historically Underutilized Businesses (HUB)**.

It is the policy of MATC that Historically Underutilized Businesses (HUB; minority, women, veterans and business enterprises owned and/or employed by individuals with disabilities) shall have the maximum opportunity to participate in the performance of contracts or purchases. To this extent **MATC enables and actively seeks out these vendors to respond to all bids and/or requests for proposals as a primary supplier of goods or services requested.**

While not a requirement of the Wisconsin Technical College System Financial Accounting Manual to report HUB spend, MATC annually performs an in-depth review of the spend and presents it to the MATC Board. This allows the opportunity to identify trends (both positive and negative), identify opportunities within specific product groupings and to maintain complete transparency within our purchasing goals.

To effectively monitor the spend, this report includes five years of purchasing history – FY20-FY24. The following page provides a table showing a breakdown of overall spend, and a graph highlighting the percentage of dollars spent with HUB vendors.

NON-CONSTRUCTION HUB SPEND - NON-CERTIFIED VENDORS

In MATC's attempt to support HUB vendors it was decided that certification should not disqualify vendors from being counted. Our goal is not to support only those that are certified, but ALL HUB vendors.

This is the third year MATC is reporting Non-Construction spend for Non-Certified HUB vendors.

The first year (FY22) spend was: \$548,747.00

FY23 spend was: \$414,976.00

FY24 spend was: \$450,123.00

While MATC has made the decision to acknowledge those HUB vendors that have not completed the certification process, not having that certification will eliminate these vendors from many government and funding opportunities. MATC will continue to encourage vendors to gain certification process and provide certification information to HUB vendors on the MATC Purchasing page.

CURRENT HUB PLAN....AND INTO THE FUTURE

MATC has long been a proponent of supporting local businesses, and has actively monitored HUB participation as part of that support. MATC will continue to lead the way with our current HUB program and adopt new innovations to reach an even larger audience of potential vendors and other advocates.

- Marketplace Minority Conference participation – proactively set meetings with HUB vendors and MATC people/departments that historically used the services of said HUB vendors
- Quarterly Vendor Listening Sessions
- No longer require official certification to be included in HUB spend – allow vendors to self-identify HUB status
- Purchasing page on MATC website – links for vendors to become certified, Listening Session information etc.
- WPS Partnership: Purchasing presentation to HUB and small vendors
- Requirement of minimum of one HUB vendor to directly solicit for each bid/RFP
- Constant review of successful HUB programs and adopting new ideas
- Offering alternative HUB vendors to initiators making a purchase
- HUB spend training and information is included in ALL Purchasing related training
- Links to certification site(s) provided on internal Purchasing page so MATC employees are empowered to find HUB vendors when making a purchase
- Partnered with HR for new Independent Contractor process – streamline paperwork to make it easier for small HUB vendors and individuals to do business with MATC
- New Purchasing module adopted to simplify the purchasing process
- Finance specific newsletters – HUB spending spotlight in each issue
- Renew work with WTCS to incorporate mandatory HUB spend in BIDS and RFP's

MATC Facilities Planning, Sustainability, and Construction HUB Outreach and Efforts

- Historic Challenges:
 - Low bid requirement
 - Sole source large contracts (Fire Alarm, Mass Notification, Access Control– Honeywell, Building automation System – Johnson Controls, etc.)
- MATC's Front End Bid Project Manual/bid specifications state a departmental goal of twenty per cent HUB participation, and requires a good faith effort from each contractor to meet this goal.
- Contractors are required to submit HUB participation percentages with each base bid and alternates along with detailed information in the post-bid materials that are vetted prior to the submission to the MATC Board for approval. Contractors unable to achieve HUB goals are asked to provide justification.
- Each bid is advertised in the *Daily Reporter*, *Spanish Journal*, and the *Milwaukee Carrier* to attract HUB participation.
- Services provided by architectural, engineering, and design consultants along with construction trades contractors are reviewed through a Request for Proposal process that evaluates and adds value to vendors that hold HUB certifications.
- MATC's Facilities Planning, Design, Sustainability, and Construction team has organized three contractor and consultant open houses in recent years which HUB goals are emphasized. The Wisconsin Supplier Diversity Program has been highlighted in the presentation to promote resources available to HUB suppliers and contractors seeking services from HUB suppliers.
- Capital furniture, equipment, and fixtures integrated with construction projects are included in the general procurement analysis. MATC has been successful in identifying and targeting local HUB vendors and suppliers of these items.
