MATC New Hire Metrics

September 2025

Our recruitment efforts continue to focus on building strong talent pipelines and preparing for future hiring needs.

Recruitment Event Highlights & Outlook

Following a community outreach event at the Tripoli Shrine Center in late August, our team is now shifting focus to targeted recruitment for the upcoming academic year. While attendance at the August fair was modest, it provided a valuable platform to increase our brand visibility and engage with local talent.

This fall, we are excited to strengthen our partnership with MATC by attending their Pathways job fairs. Our first engagement will be the Community Health and Human Services fair on Tuesday, September 30, 2025. This event is a key opportunity to connect with potential qualified candidates.

Faculty Hiring Status

Recruitment for full-time faculty for the Fall 2025 semester is substantially complete, and we are thrilled with the new educators who have joined our team. A few part-time adjunct positions remain open for specialized courses that are less than 16 weeks in length.

As we close out the fall hiring cycle, we are already ramping up for the Spring 2026 semester. The primary recruitment push will begin in October.

Part I: PROCUREMENTS

Item 1: DAY CAB SEMI – OAK CREEK CAMPUS

Background Information:

The Manufacturing Pathway is requesting the purchase of a 2026 Freightliner day cab. The purchasing process for this equipment was initiated and overseen by Dan Zdrojewski, Lead Faculty, Truck Driving.

The MATC Truck Driving Program continues to rely on aging equipment, with most tractors ranging from 14 to 19 years old and originally acquired in used condition. These vehicles demand frequent maintenance and costly repairs exceeding \$50,000 annually to remain safe and roadworthy for student instruction. The wear and tear from novice drivers, combined with extended idling periods, further strain the emission systems and mechanical integrity of the fleet. To align with current industry practices and improve training outcomes, the program seeks to purchase a new 2026 Freightliner day cab equipped with an automatic transmission. This upgrade will not only reduce maintenance costs and downtime but also allow students to train on equipment that reflects the growing industry shift toward automatic vehicles, ensuring they are better prepared for modern commercial driving roles.

This purchase will be made under Wisconsin state contact 505ENT-M23-MDHDCHASSIS-00 which meets all state of Wisconsin Procurement Requirements.

The requested vendor does not have HUB (Historically Underutilized Business)/minority status.

Positive action by the MATC District Board will result in a purchase from Truck Country of Oak Creek, WI for a cost of \$157,388.00

Part I: PROCUREMENTS

Item 2: AIRPLANE (USED)– OAK CREEK AVIATION CENTER – PRE-APPROVAL

Due to the popularity and scarcity of used airplanes for sale – and the quick turnaround time required to obtain them, the Aviation Department is requesting pre-approval to purchase a plane that meets the department's needs. Once the purchase is made, the details of the sale will be included on the next months Board agenda on the Procurement Report.

Below is the standard description and justification for the purchase.

Background Information:

The Airframe & Aircraft Technology Department is requesting the purchase of one (1) Airplane (Used). The purchasing process for this equipment was initiated and overseen by Jon R. Pribyl, Instructor and AJ Heller, Instructor.

The past ten to fifteen years have seen rapid advancements in electrical and electronic advancements and integration into the basic operation of aircraft. The current aircraft used for training at the MATC Aviation Center are completely outdated. In addition, the continued use by students as training aids have left them in an almost useless state of disrepair (See Attached Image). A more technologically modern aircraft will greatly enhance the student's ability to gain practical experience in the operation and testing of systems likely to be found on aircraft operating in the field today.

The employment opportunities in the aviation industry have also increased at an accelerated rate in the past decade. The current average age of aircraft maintenance technicians is 54, with a large percentage being over the age of 60. The BLS statistics reveal that the industry will need approximately 12,000 maintenance technicians per year. The FAA issued 6,119 new certificates in 2023 with the number fluctuating by approximately 1,000 year over year. However, the FAA also states that a shortfall of 25,000 technicians will be realized by 2028 and 48,000 by 2030. In addition, Boeing Aerospace and others have projected a global shortfall of over 700,000 technicians in the next 19 years. In Wisconsin, the employment outlook is strong. Lightcast data provides a solid base for this information but does not account for small shops and private employers that do not report their needs. If one factors in these omissions, the outlook is significantly more positive. We receive several verbal requests for qualified technicians every year. Sources of this data include Lightcast, Boeing Aerospace, Aviation Today, Aviation Week & Space Technology, BLS, The FAA and others.

The process of purchasing a specific type or series of aircraft is not unlike that of purchasing a specific car, truck or boat. Publications exist that collect substantial data on individual aircraft for sale across North America. These online compilations have direct application search engines that make specific model, manufacturer or series of aircraft easy to select. Information per listing typically includes 12-40 photographs detailing the interior, exterior and instrument panel equipment. Aircraft, engine and propeller times as well as specific equipment and upgrades are also listed by individual Part Number. This allows us to better select the aircraft best suited to advance student understanding of more modern aircraft systems and integration.

Once an aircraft is selected, contact is made with the owner or broker listed. If the deal is agreed upon, payment arrangements are made, a ferry pilot is hired to fly the aircraft to Mitchell International Airport (KMKE) and ramp/hangar space is secured for temporary storage of the aircraft. Due to our location, partial disassembly, flatbed transport to our facility, reassembly and testing of all systems then occurs. There are several companies that perform aircraft transport throughout the United States. Jon Pribyl has personally dealt with a couple of these companies with good results.

All costs will be calculated and incorporated into this process so as not to exceed the \$400,000.00 allotted for this acquisition.

In conclusion, the addition of this aircraft will better prepare our students for gainful employment in an ever-expanding and automated marketplace.

This purchase will be made under Sole Source classification of: Used Equipment, which meets all state of Wisconsin Procurement Requirements.

Positive action by the MATC District Board will result in the pre-approval of the Airframe & Aircraft Technology Department spending up to \$400,000.00 on a used airplane.

The only aircraft that were outright purchases were the 1967 King-Air and the 1974 206B. The remaining aircraft were either individual donations, Natural disaster acquisitions or like-value trades.

Part I: PROCUREMENTS**Item 3: ID VERIFICATION SOFTWARE – DISTRICT-WIDE****Background Information:**

The MATC Information Technology Division is requesting the purchase of a three-year contract of Socure software. The purchasing process for this software was initiated and overseen by David Rowe, Chief Information Officer.

Milwaukee Area Technical College seeks to contract ID Verification services through Socure, to strengthen institutional protections against fake accounts and related fraudulent activity. Presently, there is no reliable data-driven method of identifying and preventing fraudulent activity either during the application process or later phases during the student journey. In line with national trends of fraudulent activity impacting Higher Ed institutions, considerable numbers of fake accounts have been detected and disabled, however this is a reactive, unreliable and manually-intensive exercise.

The ID Verification service will be integrated into the online application process to detect fraudulent or questionable application profiles prior to admission and creation of a student account. The timeframe of each review will be in real time (approximately .4 seconds), so no bottlenecks or delays will be caused through the initial verification process overall; only those accounts with suspect or incomplete information will require additional time.

This purchase will be made under the WTCS Purchasing Consortium BID 25-002TP which meets all state of Wisconsin Procurement Requirements.

The requested vendor does not have HUB (Historically Underutilized Business)/minority status.

Positive action by the MATC District Board will result in a purchase from AE Business Solutions of Madison, WI for a cost of \$187,470.53 (total cost of three (3) year contract).

Section 8. Debt Service Fund. Within the debt service fund previously established within the treasury of the District, there be and there hereby is established a separate and distinct fund designated as the "Debt Service Fund for \$1,500,000.00 General Obligation Promissory Notes, Series 2025-26D, dated October 15, 2025" (the "Debt Service Fund"), and such fund shall be maintained until the indebtedness evidenced by the Notes is fully paid or otherwise extinguished. The District Treasurer shall deposit in such Debt Service Fund (i) all accrued interest received by the District at the time of delivery of and payment for the Notes; (ii) the taxes herein levied for the specific purpose of meeting principal of and interest on the Notes when due; (iii) such other sums as may be necessary at any time to pay principal of and interest on the Notes when due; (iv) any premium which may be received by the District above the par value of the Notes and accrued interest thereon; (v) surplus moneys in the Borrowed Money Fund for the Notes; and (vi) such further deposits as may be required by Section 67.11 of the Wisconsin Statutes.

No money shall be withdrawn from the Debt Service Fund and appropriated for any purpose other than the payment of principal of and interest on the Notes until all such principal and interest has been paid in full and canceled; provided (i) the funds to provide for each payment of principal of and interest on the Notes prior to the scheduled receipt of taxes from the next succeeding tax collection may be invested in direct obligations of the United States of America maturing in time to make such payments when they are due or in other investments permitted by law; and (ii) any funds over and above the amount of such principal and interest payments on the Notes may be used to reduce the next succeeding tax levy, or may, at the option of the District, be invested by purchasing the Notes as permitted by and subject to Section 67.11(2)(a) of the Wisconsin Statutes in interest-bearing obligations of the United States of America, in other obligations of the District or in other investments permitted by law, which investments shall continue as a part of the Debt Service Fund.

When all of the Notes have been paid in full and canceled, and all permitted investments disposed of, any money remaining in the Debt Service Fund shall be deposited in the general fund of the District, unless the District Board directs otherwise.

Section 9. Deposits and Investments. The Debt Service Fund shall be kept apart from moneys in the other funds and accounts of the District and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Notes as the same becomes due and payable. All moneys therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34 of the Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Sections 66.0603(1m) and 67.10(3) of the Wisconsin Statutes. All income derived from such investments shall be regarded as revenues of the District. No such investment shall be in such a manner as would cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code or the Regulations of the Commissioner of Internal Revenue thereunder.

The District Treasurer or other officers shall, on the basis of the facts, estimates and circumstances in existence on the date of closing, make such certifications as are

necessary to permit the conclusion that the Notes are not “arbitrage bonds” under Section 148 of the Code or the Regulations of the Commissioner of Internal Revenue thereunder.

Section 10. Sale of Notes. The terms, conditions and provisions of the Notes and the Note Documents are, in all respects, authorized and approved. The form of the Note Purchase Agreement is hereby approved. The Notes shall be sold and delivered in the manner, at the Purchase Price, plus interest accrued from the Interest Accrual Date to the closing date, pursuant to the terms and conditions set forth in the Note Purchase Agreement.

The preparation of the Preliminary Official Statement and the Final Official Statement, and their use as contemplated in the Note Purchase Agreement, are hereby approved. The Preliminary Official Statement is “deemed final” as of its date, except for omissions or subsequent modifications permitted under Rule 15c2-12 of the Securities and Exchange Commission. The Chairperson, the Vice Chairperson and Secretary of the District are authorized and directed to do any and all acts necessary to conclude delivery of the Notes to the Underwriter, as soon after adoption of this Resolution as is convenient.

Section 11. Book-Entry Only Notes. The Notes shall be transferable as follows:

(a) Each maturity of Notes will be issued as a single Note in the name of the Securities Depository, or its nominee, which will act as depository for the Notes. During the term of the Notes, ownership and subsequent transfers of ownership will be reflected by book entry on the records of the Securities Depository and those financial institutions for whom the Securities Depository effects book entry transfers (collectively, the “Participants”). No person for whom a Participant has an interest in Notes (a “Beneficial Owner”) shall receive bond certificates representing their respective interest in the Notes except in the event that the Securities Depository or the District shall determine, at its option, to terminate the book-entry system described in this Section. Payment of principal of, and interest on, the Notes will be made by the Fiscal Agent to the Securities Depository which will in turn remit such payment of principal and interest to its Participants which will in turn remit such principal and interest to the Beneficial Owners of the Notes until and unless the Securities Depository or the District elect to terminate the book entry system, whereupon the District shall deliver bond certificates to the Beneficial Owners of the Notes or their nominees. Note certificates issued under this Section may not be transferred or exchanged except as provided in this Section.

(b) Upon the reduction of the principal amount of any maturity of Notes, the Registered Noteowner may make a notation of such redemption on the panel of the Note, stating the amount so redeemed, or may return the Note to the District for exchange for a new Note in a proper principal amount. Such notation, if made by the Noteowner, may be made for reference only, and may not be relied upon by any other person as being in any way determinative of the principal amount of such Note Outstanding, unless the Note Registrar initialed the notation on the panel.

(c) Immediately upon delivery of the Notes to the purchasers thereof on the delivery date, such purchasers shall deposit the bond certificates representing all of the Notes with the Securities Depository. The Securities Depository, or its nominee, will be the sole Noteowner of the Notes, and no investor or other party purchasing, selling or otherwise transferring ownership of any Notes will receive, hold or deliver any bond certificates as long as the Securities Depository holds the Notes immobilized from circulation.

(d) The Notes may not be transferred or exchanged except:

(1) To any successor of the Securities Depository (or its nominee) or any substitute depository ("Substitute Depository") designated pursuant to (ii) below, provided that any successor of the Securities Depository or any Substitute Depository must be a qualified and registered "clearing agency" as provided in Section 17L of the Securities Exchange Act of 1934, as amended;

(2) To a Substitute Depository designated by or acceptable to the District upon (a) the determination by the Securities Depository that the Notes shall no longer be eligible for depository services or (b) a determination by the District that the Securities Depository is no longer able to carry out its functions, provided that any such Substitute Depository must be qualified to act as such, as provided in subparagraph (1) above; or

(3) To those persons to whom transfer is requested in written transfer instructions in the event that:

(i) The Securities Depository shall resign or discontinue its services for the Notes and, only if the District is unable to locate a qualified successor within two months following the resignation or determination of noneligibility, or

(ii) Upon a determination by the District that the continuation of the book entry system described herein, which precludes the issuance of certificates to any Noteowner other than the Securities Depository (or its nominee) is no longer in the best interest of the Beneficial Owners of the Notes.

(e) The Depository Trust Company, New York, New York, is hereby appointed the Securities Depository for the Notes.

Section 12. Undertaking to Provide Continuing Disclosure. The (i) Chairperson or the Vice Chairperson and (ii) Secretary of the District are hereby authorized and directed to execute on behalf of the District, the Continuing Disclosure Agreement in connection with the Notes for the purpose of complying with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.

Section 13. Compliance with Federal Tax Laws.

(a) The District represents and covenants that the project financed by the Notes and their ownership, management and use will not cause the Notes to be “private activity bonds” within the meaning of Section 141 of the Code, and the District shall comply with the provisions of the Code to the extent necessary to maintain the tax-exempt status of the interest on the Notes.

(b) The District also covenants to use its best efforts to meet the requirements and restrictions of any different or additional federal legislation which may be made applicable to the Notes, provided that in meeting such requirements the District will do so only to the extent consistent with the proceedings authorizing the Notes and the laws of Wisconsin, and to the extent there is a reasonable period of time in which to comply.

Section 14. Rebate Fund. If necessary, the District shall establish and maintain, so long as the Notes are outstanding, a separate account to be known as the “Rebate Fund” for the purpose of complying with the rebate requirements of Section 148(f) of the Code. The Rebate Fund is for the sole purpose of paying rebate to the United States of America, if any, on amounts of bond proceeds held by the District. The District hereby covenants and agrees that it shall pay from the Rebate Fund the rebate amounts as determined herein to the United States of America.

The District may engage the services of accountants, attorneys, or other consultants necessary to assist it in determining rebate amounts. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Notes and may only be used to pay amounts to the United States. The District shall maintain or cause to be maintained records of such determinations until six (6) years after payment in full of the Notes and shall make such records available upon reasonable request therefor.

Section 15. Defeasance. When all Notes have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The District may discharge all Notes due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government (“Government Obligations”), or of securities wholly and irrevocably secured as to principal and interest by Government Obligations and rated in the highest rating category of a nationally recognized rating service, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Note to its maturity or, at the District's option, if said Note is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Note at maturity, or at the District's option, if said Note is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Notes on such date has been duly given or provided for.

Section 16. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the District and the owner or owners of the Notes, and after issuance of any of the Notes no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 18, until all of the Notes have been paid in full as to both principal and interest. The owner or owners of any of the Notes shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the District, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the District, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 17. General Authorizations. The Chairperson, the Vice Chairperson and the Secretary of the District and the appropriate deputies and officials of the District in accordance with their assigned responsibilities are hereby each authorized to execute, deliver, publish, file and record such other documents, instruments, notices and records and to take such other actions as shall be necessary or desirable to accomplish the purposes of this Resolution and to comply with and perform the obligations of the District under the Notes. The execution or written approval of any document by the Chairperson, the Vice Chairperson or Secretary of the District herein authorized shall be conclusive evidence of the approval by the District of such document in accordance with the terms hereof.

In the event that said officers shall be unable by reason of death, disability, absence or vacancy of office to perform in timely fashion any of the duties specified herein (such as the execution of Notes), such duties shall be performed by the officer or official succeeding to such duties in accordance with law and the rules of the District.

Any actions taken by the Chairperson, the Vice Chairperson and Secretary consistent with this Resolution are hereby ratified and confirmed.

Section 18. Amendment to Resolution. After the issuance of any of the Notes, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Notes have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the District may, from to time, amend this Resolution without the consent of any of the owners of the Notes, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Notes then outstanding; provided, however, that no amendment shall permit any change in the pledge of tax revenues of the District or the maturity of any Note issued hereunder, or a reduction in the rate of interest on any Note, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Notes may be redeemed or make any other modification in the terms of the payment of such principal or interest

without the written consent of the owner of each such Note to which the change is applicable.

Section 19. Illegal or Invalid Provisions. In case any one or more of the provisions of this Resolution or any of the Notes shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Resolution or of the Notes.

Section 20. Conflicting Resolutions. All ordinances, resolutions, or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage.

Rating Action: Moody's Ratings assigns Aa1 to MATC, WI's Series 2025-26D GO notes

12 Sep 2025

New York, September 12, 2025 -- Moody's Ratings (Moody's) has assigned a Aa1 rating to Milwaukee Area Technical College District, WI's (MATC) General Obligation Promissory Notes, Series 2025-26D with a proposed par amount of \$1.5 million. We maintain a Aa1 rating on the district's outstanding general obligation unlimited tax (GOULT) debt. Following the sale, the district will have about \$101 million in debt outstanding.

RATINGS RATIONALE

The Aa1 rating reflects the district's strong financial position supported by recent operating surpluses which, coupled with proactive management, will largely offset its limited ability to raise new revenue and provide a buffer should enrollment declines resume. Net current assets were approximately 50% of revenue in fiscal 2024 (year-end June 30), and reserves will remain strong in fiscal 2025 despite a very modest planned use of fund balance. While median family income is modest at 85% of the US, the district benefits from a very large and diverse tax base that includes the City of Milwaukee (A3 stable) and surrounding communities in Milwaukee County (Aa3 stable) and Ozaukee County (Aaa). Leverage is relatively low, with combined debt and pensions less than 150% of revenue at the close of fiscal 2024.

RATING OUTLOOK

We do not assign outlooks to local governments with this amount of debt.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATING

- Sustained strengthening of demand that drives an improved enrollment trend
- Continued growth in reserves or enhanced budgetary flexibility

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATING

- Substantial weakening of the regional economy or resident income levels
- Declines in financial reserves to levels below 30% of revenue
- Increased leverage to more than 250% of revenue

PROFILE

Milwaukee Area Technical College District is one of the largest technical college systems in Wisconsin (Aa1 stable), providing vocational education to residents of Milwaukee County, the majority of Ozaukee County, and small portions of Washington (Aaa) and Waukesha (Aaa) counties.

For any affected securities or rated entities receiving direct credit support/credit substitution from another entity or entities subject to a credit rating action (the supporting entity), and whose ratings may change as a result of a credit rating action as to the supporting entity, the associated regulatory disclosures will relate to the supporting entity. Exceptions to this approach may be applicable in certain jurisdictions.

For ratings issued on a program, series, category/class of debt or security, certain regulatory disclosures applicable to each rating of a subsequently issued bond or note of the same series, category/class of debt, or security, or pursuant to a program for which the ratings are derived exclusively from existing ratings, in accordance with Moody's rating practices, can be found in the most recent Credit Rating Announcement related to the same class of Credit Rating.

For provisional ratings, the Credit Rating Announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating.

Moody's does not always publish a separate Credit Rating Announcement for each Credit Rating assigned in the Anticipated Ratings Process or Subsequent Ratings Process.

Title: Ethics	Code: C0700
Authority: Board Minutes, 9/16/81; 11/22/94; 9/25/07	Original Adoption: 9/16/81 Last Revised: 8/15/25 Reviewed: 2025 Effective: 10/01/2025

BACKGROUND

Milwaukee Area Technical College's Code of Ethics policy applies to all MATC employees. It is MATC's commitment that our actions will be conducted in accordance with the highest moral, legal, and ethical standards.

Our integrity is one of our most valuable assets, and every employee contributes to upholding this standard. A reputation built over years can be significantly damaged by one person's inappropriate actions. While this policy provides guidance to help strengthen MATC's reputation, we recognize that no written code can replace the thoughtful judgment of our employees, whose daily decisions are crucial to maintaining our standing in the community.

Nothing in this policy shall deny the rights of an employee under the Constitutions of the United States, and of this state, and the Wisconsin Statutes or any other laws of this state.

In addition to this Ethics Policy, the College Board has also approved a Conflict of Interest Policy (C0700-1), which is a sub-policy of this policy.

Definitions

For purposes of this policy:

- 1) **Family:** any family member by blood or marriage up to and including the level of first cousin, corresponding "step" relationships or any individual with whom an employee has a close personal relationship such as domestic partner, co-habitant, significant other, or any other person residing in an employee's household.
- 2) **Violence Against Women Act:** creates and supports comprehensive, cost-effective responses to domestic violence, sexual assault, dating violence and stalking.
- 3) **Consensual Relationship:** a romantic or sexual relationship that both parties have entered willingly
- 4) **Authority:** supervisory, advisory, evaluative, or other power or influence over another person
- 5) **Partner/Affiliate Group:** any organization, entity, or association other than MATC in which an employee has a personal or professional interest, or which they are formally or informally associated with.

Policy

It is essential that each employee abide by the following principles:

1. Carry out in good faith and with due diligence all policies and regulations established by the college Board and all procedures established by the administration.

2. Treat everyone with respect and in alignment with the College's WE CARE standards.
3. Engage honestly and fairly.
4. Abide by all laws and regulations including Wisconsin's Code of Ethics for Local Government Officials and Employees as set forth in [Wisconsin Statutes Chapter 19, Subchapter III](#), as applicable.
5. Use all institutional resources, including but not limited to, educational technology, video conferencing, and generative AI tools, responsibly to support academic and professional work while respecting the intellectual property of the college and others, and upholding standards of integrity, data privacy, and security.
6. Observe high moral and ethical standards in fulfillment of job responsibilities. In the case of faculty, staff and administrators who are required to maintain professional affiliations or certifications as part of their jobs, the College expects these faculty, staff and administrators to:
 - Follow and uphold their specific professional code of ethics
 - Meet all requirements of state and federal laws and regulations pertaining to their education and certification
 - Meet all regulations of the Wisconsin Technical College System Board (WTCSB), the Wisconsin Technical College System (WTCS), the Department of Public Instruction, the Department of Education and the Higher Learning Commission or any successor entities.
7. Provide a professional work environment that is free from physical, psychological, written or verbal intimidation, slander or harassment.
8. Accept the responsibility to protect children under the age of 18 from all forms of abuse and report any suspected abuse or neglect of a child to the state authorities.

I. Romantic or Sexual Relationships

There are inherent risks in any romantic or sexual relationship between individuals in unequal positions (such as faculty and student, supervisor and employee). The relationship may be less consensual than the person who has greater power perceives and may therefore be exploitative in nature. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome.

Even when both parties have consented at the outset to a romantic or sexual involvement, this past consent may not remove grounds for a later charge of a violation of applicable College policy. The college does not wish to interfere with private choices regarding personal relationships when these relationships do not interfere with the goals and policies of the College. For the personal protection of members of this community, relationships of a romantic or sexual nature in which power differentials are inherent (employee-student, supervisor-staff) **are violations** of this policy.

Any consensual relationship between a supervisor and a subordinate, or an employee and a student, must be immediately reported to both the employee's direct supervisor and Human Resources. If the direct supervisor is in the relationship, it needs to be reported to their supervisor instead. The supervisor in consultation with Human Resources will determine, on a case-by-case basis what, if any, action will be taken by the college. These reports will be kept confidential to the extent possible. Failure to report romantic or sexual relationships of this nature will result in discipline, up to and including termination.

A. In general, the following types of Relationships between Employees and Students are a violation of this policy:

1. **Faculty Member and Student:** Consensual romantic or sexual relationships initiated by a faculty member with a student who is currently enrolled in their course or who the instructor reasonably anticipates may be enrolled in their course(s) in the future;
2. **Pre-existing Relationship:** Failure to disclose that a faculty member is already engaged in a consensual or romantic relationship with a student when the student enrolls in the faculty member's course, the faculty member must immediately disclose the relationship to their supervisor/department chair/dean or Human Resources and must fully cooperate in any actions taken to resolve the conflict;
